FALL DATES

Adult Match Play Programs

Interclub Team Competition

The best way to improve your game is to play against others. Interclub competition offers motivated players the opportunity to further develop their games by participating in team play competition against the best players at their level in the tri-state area. Camargo offers a free rating clinic for any player interested in joining an interclub team. Please contact Tennis Staff Director Chris Thatcher to schedule a rating or to join an Interclub team.

General Information

Team format consists of 8 to 12 members who compete weekly as a team in either doubles or singles matches against other tennis clubs in the greater Cincinnati area. Players participate in weekly team practices on a specific day and time using two courts and one or two teaching pros.

The League begins in late August and runs through May with matches played Monday through Friday for weekday teams and Saturday and Sunday mornings or afternoons for women's career and men's teams. Teams within a specific league are organized into divisions, and team standings are maintained by the Greater Cincinnati Indoor Tennis Association (G.C.I.T.A.). The top teams advance to City Playoffs.

The Fall 2019 session begins Monday August 19, 2019

No play Nov. 27 - Dec. 1, 2019

Playoffs held Dec. 14 - 20, 2019

Mixed Doubles playoff Friday Dec. 6, 2019

Partners

The teaching staff at Camargo Racquet Club believes that in most cases, players who compete with the same partner form more successful teams. Therefore, we would prefer that you find a permanent partner to play with for the season. If you do not have a partner, we will work to find you a partner for the Interclub season.

Captains

Each team will have a Captain to assist the Pros whenever needed. Captain's duties typically consist of confirming player availability, confirming away matches with host clubs, and maintaining score sheets for the team's weekly matches. Captains are determined by a team vote at the conclusion of the first team practice. If you are interested in serving as a "Team Captain", please notify Chris Thatcher.

League Membership, Matches & Fees

Each Interclub player must be a member of the Greater Cincinnati Indoor Tennis Association (G.C.I.T.A.) at a cost of \$20/year/player. Camargo will charge your account and remit payment on your behalf. Interclub match fees are \$17 per player for Doubles and \$19 for Singles. Team practice fees are \$20 for a 90-minute practice with an on-court Pro. The option of a 2nd on-court Pro is available. A minimum of 8 players for Doubles or 4 players for Singles is required.

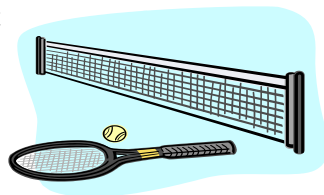

USTA Team Tennis

USTA indoor adult daytime leagues are now offered by Camargo Racquet Club on Fridays from September through May. In order to participate in USTA, players must join or renew their USTA membership.

Membership information is available at

Camargo Junior Program

August 19, 2019- May 22, 2020

At Camargo, we offer many social and competitive Junior tennis playing opportunities and events. We believe that the best pathway to improve includes quality clinics, quality private lessons and challenging match play. We are committed to offering the best instruction in the area. Our goal is to positively challenge kids to compete in a safe and rewarding environment. Camargo Racquet Club is committed to maintaining a student-teaching pro ratio of one pro for every 4-7 students.

Camargo Junior Program Director - Brian Siler

Camargo Racquet Club has six distinct levels of development to suit the needs of all junior player levels from toddlers to tournament players.

A.C.E. (Academy of Competitive Excellence)

The mission of this program is to bring together dedicated youth tennis players and place them in a competitive atmosphere where they have the opportunity to reach their ultimate potential. This is a select group designed for players who are committed to developing their game and seeking to become high performance tournament players. Drills and competitive games will place strong emphasis on athletic development, stroke production, serve development, mental toughness, and strategy.

ACE Program Directors & staff will make sure that the players are coordinating their schedules with the best tournaments in the area and beyond. Playing in the correct tournaments will ensure the best possible ranking and competition for your child.

Tennis Tots: (red dot & foam ball)

Tuesday/Friday 4-5pm

Tennis tots play on smaller courts that are sized to ensure a successful experience for your child. Tots use lighter, slower-moving red dot & foam balls. This program is for the beginning player ages 4-6 yrs. With a focus on fun drills and games that will spark an interest in tennis for kids. Hand-eye coordination drills will help develop athletic abilities that are applicable to many sports. Juniors will also learn the basics of tennis strokes and rules of the game.

10 & Under Future Champs: (orange dot & green dot ball)

Tuesday/Friday 4-5pm, 5-6pm

Future Champs are advanced beginner to intermediate players who are still learning the fundamentals of stroke production and how to play matches. These players will range in age from approximately 7-10 years old depending on their ability level. The focus of this program will be on stroke development, fun drills, games and beginning match play. The USTA 10 & under format of using lighter, slower bouncing balls is incorporated as needed.

Camargo Junior Program

This program will develop the junior into a successful tournament player while achieving local, regional or national rankings through tournament play.

Middle School / High School Player Development (ages 11 yrs. & up)

Monday/Wednesday/Thursday 4-6pm

The goal of this program is to offer the teenager who plays multiple sports an appropriate playing level where he or she can develop the skills required to become an excellent social tennis player for life. At this level, introductory drills relating to setting up and finishing points will be introduced to develop the teenager into a competitive Middle School, Junior Varsity or Varsity High School tennis player.//Doubles strategy will be an important focus in this group as most High School players play doubles.

A.C.E. High School

Monday/Wednesday/Thursday 4-6pm

The A.C.E. High School program is designed for the active tournament playing junior tennis player. The mission of this program is to develop the junior into a winning tournament player & achieve success on the JV or Varsity High School tennis team. Juniors at this level are already playing at an advanced level, and should attend at least 2 days of clinics per week. These players are consistently taking private lesson, and playing tournaments throughout the year.

A.C.E. SELECT Juniors - Invitation only

Monday/Wednesday/Thursday 4-6pm & Tuesday 5 –7pm 4 days/week)

The Camargo Select program is designed for the more seasoned tournament players looking to play at a high level in the Ohio Valley & Midwest divisions. This elite program will provide college style practices that use high intensity drills & point play games that are designed to help each player fully develop every skill set needed to be a top junior in the area and in the nation. We will work to develop all aspects of each players game, from their fundamentals if needed through court positioning, shot selection, & learning how to adapt to playing different types of players & game styles. With the coaching staff made up of current Division 1 college coaches & former collegiate tennis players, we will challenge the players both physically & mentally as well as being able to provide hands on help toward getting each athlete advanced towards college placement. This program will intentionally be invitational only in order to keep the quality of the program at the highest level possible.
